

**Sentara Health Foundation  
Community Recognition Grants  
Funded in 2012**

In 2011, the Foundation adopted new focus areas in which to base its funding priorities. They are: Direct Patient Care (which includes Basic Health Services, Chronic Care Diseases Management, Oral Health Services, Prescription Drug Supplies, Mental Health Services and Maternal Health Services) -- the top priority; Connection to Care Services is the second priority; and Health Education Programs is the third priority.

**Direct Patient Care**
