

SENTARA BELLEHARBOUR

24-Hour Emergency Department

In an emergency, quick access to skilled care makes all the difference. That's why Sentara BelleHarbour offers access to emergency services 24 hours a day, seven days a week. Our board-certified emergency physicians are the same ones trusted at other Sentara emergency rooms, and our registered nurses all have pediatric life-saving certification. When necessary, Sentara BelleHarbour provides immediate access to advanced specialists and facilities.

Advanced Imaging

Sentara BelleHarbour's advanced imaging capabilities include digital mammography, ultrasound, vascular ultrasound, echocardiogram, X-ray, bone densitometry, a 40-slice fixed CT, and a mobile MRI. For all studies, a team of board-certified radiologists utilizes high-speed transfer of images across the Internet, combined with speech recognition technology, to convey results instantly for quicker diagnosis and treatment.

Physical Therapy

BelleHarbour Therapy Center offers a wide range of services, including sports medicine rehabilitation, work rehabilitation, and athletic training for local schools. Our therapists have expertise in physical, occupational and hand therapy. We offer functional capacity evaluations and impairment ratings as part of our industrial medicine program. We also provide individualized programs to meet the needs of orthopedic, post-surgical, chronic pain and neurologic patients. Our skilled therapy professionals (including a certified manual therapist and a certified hand therapist) use the most sophisticated techniques and equipment to help patients regain maximum comfort, independence, function and performance.

Primary Care And Specialist Physicians

The board-certified physicians at Sentara Family Medicine Physicians are trained to care for a wide variety of medical needs for all members of the family, including adults, adolescents and children. On-site specialty practices include Lakeview Cardiology at BelleHarbour, Sports Medicine and Orthopedic Center at BelleHarbour and Family Foot & Ankle Care. Plus, with a lab, imaging center and other healthcare services in the same building, getting quality care is more convenient than ever.

Lab & Central Testing Services

Patients needing outpatient laboratory tests will find a relaxed, comfortable setting at the Sentara BelleHarbour Central Testing Center, part of the region's only full-service reference laboratory.

Sleep Services

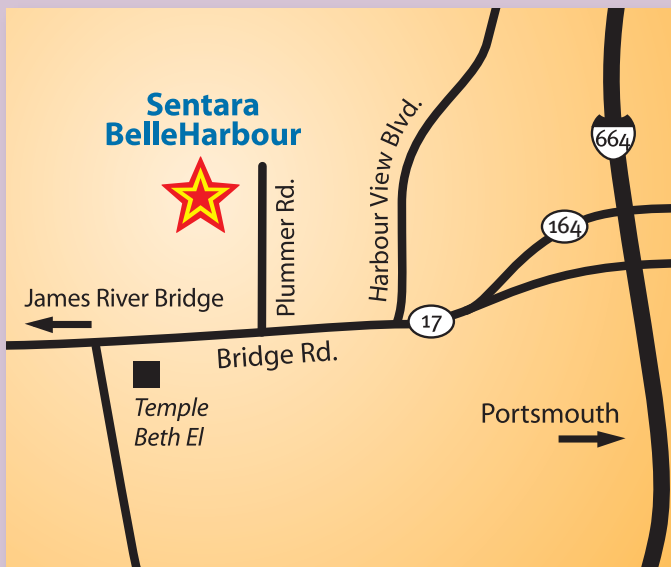

More than a third of all adults have trouble getting a good night's sleep. With six beds and an experienced staff of registered polysomnographic technologists, the Sleep Center at Sentara BelleHarbour offers a full range of services to diagnose and treat sleep-related problems and disorders. The Sleep Center's medical director is board-certified in sleep medicine.

Occupational Medicine

Sentara BelleHarbour's full occupational medicine program supports area businesses and employees. Services include pre-employment screening and acute work injury care. Dr. Timothy Lee, the program's medical director, is board-certified in occupational medicine and is a certified medical review officer.

A Promise Of Quality Care

Sentara is committed to delivering quality care and outstanding customer service to all the communities it serves. From Sentara BelleHarbour to Sentara St. Luke's to Sentara Obici Hospital, you can depend on quality care right where you need it.
