>> SENTARA OBICI HOSPITAL <<

Sentara Obici Hospital has been very busy these past months. Image: Sentara Obici Hospital Addition

- Construction on the new addition is progressing well and we still look to be on track for opening the doors in Spring 2010. 
- We are happy to introduce Dr. Susan Sterlacci, a new Obstetrician / Gynecologist on our staff. Stay tuned to future newsletters as we will continue to keep you informed of new physicians that come to our campus.
- For those patients in our care, we are also introducing a new service on February 1st: room service for patient meals. This is just another way we are trying to make your stay as convenient and comfortable as possible.

Thank you to everyone who has chosen Sentara Obici Hospital for your inpatient or outpatient services. We appreciate your support! If you'd like to get involved, you may contact our volunteer director at 934-4789.

>> SENTARA BELLEHARBOUR <<

In the 6 months since we opened our doors at Sentara BelleHarbour, we have seen over 8,100 visits to our Emergency Room and nearly 23,000 people across all of our quality service areas.

Our campus services include:

- 24 / 7 Emergency Room
- Advanced Imaging Center complete with CT, MRI, X-Ray, Ultrasound, Digital Mammography and Bone Densitometry Services
- Lab & Central Testing Services
- Occupational Medicine
- Physical Therapy
- Sleep Disorders Center

A Word from Our Satisfied Patients!

"Fast, friendly, great customer service. I will be back if needed, Thanks!"

"Very compassionate and caring about the patient's needs. Quick and efficient."

- Sentara Family Medicine Physicians

We are thankful for the warm reception we've received since opening and thank you all for your support. If you have a story you'd like to share with us about your experience at Sentara BelleHarbour, we'd love to hear it – please [send us an email!](#)

"I am grateful for your kindness, concern, thoroughness, and compassion."

>> SENTARA ST. LUKE'S <<

Due to some delays in the permitting process, our plans for the opening of Sentara St. Luke's have been pushed back slightly with a new timeframe of late 2009.

We are excited about the new campus, but don't forget you can already receive quality care today at our current location in Smithfield.

Our services here include:

- Family Medicine, Internal Medicine & Pediatrics
- After Hours Urgent Care
- Imaging Services including mobile CT, mobile MRI, ultrasound, x-ray and digital mammography
- Physical Therapy

Did you know?

Sentara offers your doctors a service called Referral Management Solutions. This program helps to make life easier for you and your physician by eliminating delays and hassles around insurance pre-authorizations for imaging services. This is another example of Sentara's commitment to make accessing needed healthcare services as convenient as possible.
