

SENTARA ST. LUKE'S

Introducing Isle Of Wight's New State-Of-The-Art Medical Campus

The new Sentara St. Luke's is a modern, 42-acre healthcare campus that includes a two-story, 52,000-square-foot medical office building. Sentara is pleased to offer residents of the Isle of Wight community this new, high-quality health care option that's both convenient and comprehensive.

Urgent Care

The urgent care formerly offered through Smithfield Medical Center has been relocated to Sentara St. Luke's and expanded under the new name Sentara Urgent Care. With Dr. LoPresti and Dr. Lewis, two quality Sentara Medical Group physicians, at the helm, the Isle of Wight community can access these services from 8 a.m. to 8 p.m. Monday through Friday, and from 10 a.m. to 4 p.m. on Saturday.

Advanced Imaging

The Advanced Imaging Center at Sentara St. Luke's provides high-quality imaging services, including mobile CT, mobile MRI, ultrasound, bone density, X-ray and digital mammography. A team of board-certified radiologists utilizes high-speed transfer of images across the Internet, combined with speech recognition technology, to convey results instantly for quicker diagnosis and treatment.

Laboratory Services

Patients needing outpatient laboratory tests will find a relaxed and comfortable setting at Sentara St. Luke's.

Physical Therapy

Smithfield Therapy Center, formerly Smithfield Physical Therapy, has been serving the community for over 25 years. Now located on the campus of Sentara St. Luke's, it offers physical and occupational therapies, plus hand and lymphedema therapy with specially trained and certified therapists. Areas of expertise include orthopedic and sports specialists, neurological and spine rehabilitation, and more.

Primary Care & Specialist Physicians

From Sentara Family Medicine Physicians to a range of quality physician specialists, Sentara St. Luke's provides access to family medicine, pediatric and specialty care, including OB/GYN, cardiology, sports medicine, gastrointestinal (GI) care and ophthalmology. And with imaging and other health care services in the same building, getting quality care is easier than ever. Sentara Family Medicine Physicians accept Medicare patients.

A Promise Of Quality Care

Sentara is committed to delivering quality care and outstanding customer service to all the communities it serves. The opening of Sentara St. Luke's and the prospect of future expansion, like the proposed Ambulatory Surgery Center currently under state review, are important steps in fulfilling that promise. Sentara St. Luke's will continue to add providers, services and capabilities in the coming months and years.
