

PHYSICAL THERAPY SERVICES

BATTLEFIELD THERAPY CENTER At GREENBRIER HEALTHPLEX

Patients needing physical therapy now have a convenient new setting to gain improved movement and physical function. Residents, businesses and their employees will benefit from the skills of experienced therapists and a battery of advanced therapy equipment in a brand new facility. A location on Volvo Parkway in the Greenbrier area makes it easy to incorporate physical therapy sessions into individual and family life.

Conditions that may call for our skills:

- Work-related injuries
- Recovery from surgery
- Chronic pain
- Movement limited by arthritis
- Sports injuries
- Injuries from automobile accidents

TRAINED, CREDENTIALLED, EXPERIENCED STAFF

Our physical therapists, physical therapist assistants, certified hand therapists and certified athletic trainers are skilled at therapy, as well as keeping patients comfortable and motivated

during treatment. As part of the Sentara Rehabilitation Network team, they're proficient at educating patients in every aspect of an individualized treatment plan.

NEW ULTRAMODERN FACILITY

With the Battlefield Therapy Center relocated to the new Greenbrier HealthPlex, patients can look forward to a complete array of advanced strengthening, flexibility and mobilizing equipment. Plenty of free parking makes it easier than ever to get here, get support and get going.
