SENTARA RMH MEDICAL CENTER

sentara.com
When mom fell on the day of my wedding, we were so worried. We took her to the Sentara RMH Emergency Department where she was given the right treatment, by the right provider, in a short amount of time.

At Sentara RMH, we’re continuously working on reducing our emergency room wait times, providing top quality medical care so you can get well and not miss any of life’s special moments.

WHAT IS AN ADVANCED PRACTICE CLINICIAN?

Advanced Practice Clinicians, or APCs, are nurse practitioners and physician assistants. They are trusted medical providers who work under the supervision of a physician.

APCs serve as a primary care provider. They assess patient needs, order and interpret diagnostic tests and lab tests, diagnose illness and disease, prescribe medications and formulate treatment plans.

Advanced Practice Clinicians are a vital part of your healthcare team.
